

Arjun Mehta

AI/ML Engineer | Generative AI | LLMOps | Distributed Systems | Bangalore, India
arjun.mehta.ai@gmail.com | +91-9876543210 | linkedin.com/in/arjunmehta-ai | github.com/arjunmehta-ai

Professional Summary

AI/ML Engineer with 4+ years of experience building scalable machine learning and Generative AI solutions. Expert in Python, PyTorch, TensorFlow, Spark, Kafka, and cloud platforms (AWS, Azure). Experienced in LLM fine-tuning, LLMOps pipelines, distributed data processing, and deploying production-grade ML systems supporting large-scale personalization and real-time AI applications.

Technical Skills

Programming	Python, Java, Scala, SQL
ML & AI	PyTorch, TensorFlow, scikit-learn, NLP, Deep Learning
Generative AI	LLMs, Prompt Engineering, RAG, LLMOps
Big Data	Spark, Hadoop, Kafka, HBase
Cloud & DevOps	AWS, Azure, Docker, Kubernetes
Databases	PostgreSQL, Redis, Aerospike, NoSQL

Professional Experience

Senior Machine Learning Engineer – FinTech AI Labs (2022–Present)

- Developed and fine-tuned LLM-based personalization systems supporting 500k+ users.
- Built distributed ML pipelines using Spark and Kafka for real-time event processing.
- Implemented LLMOps workflows for training, evaluation, deployment, and monitoring.
- Deployed containerized ML services with Docker and Kubernetes on AWS/Azure.
- Reduced model inference latency by 35% via optimization and quantization.

Machine Learning Engineer – DataScale Technologies (2020–2022)

- Built fraud detection ML models and deployed production pipelines.
- Designed batch and streaming pipelines using Hadoop, Spark, and Kafka.
- Implemented automated model monitoring and retraining workflows.

Key Projects

LLM Customer Support Assistant: Built RAG chatbot using PyTorch and vector databases, improving response accuracy to 92%.

Real-Time Fraud Detection System: Kafka + Spark streaming ML pipeline achieving 96% fraud detection accuracy.

Education & Certifications

M.Tech Artificial Intelligence – IIT Delhi
B.Tech Computer Science – NIT Trichy
AWS Certified Machine Learning – Specialty | DeepLearning.AI
